DPS Application

With Procurement Assist there are no rebates payable to us from service providers! This ensures our supply chain is as competitive as possible for our clients which in turn helps us to secure more opportunities for our suppliers.

Suppliers can register their interest to be accepted onto one of the Procurement Assist Dynamic Purchasing Systems. To see the areas we manage, please refer to our current List of Dynamic Purchasing Systems.

The Dynamic Purchasing System method of procurement is different – it is open ended and there is no close date to apply – suppliers can apply at any time to be appointed onto our DPS’.

Procurement Assist welcomes all types of suppliers – from across the UK to apply to be accepted onto our agreements.
